Скъпи колеги – приятели!

Не знам дали 10 броя от едно списание са много или малко. Но имайки предвид усилията и свършената работа - мога да кажа – да много са, списанието има живот. От друга страна какво са 10 броя – около 250 стр., които се изчитат на един дъх. И според настроението се пазят или забравят. Много ми се иска да пазите нашите 250 стр. – те са писани и правени с любов и с желание. Е, и с малко нерви – за късмет.

*Пожелавам на списанието и на всички нас късмет и за много години!
Да доживеем дълголетие заедно!*

Dear all.

10 issues of the FACT Journal - Happy anniversary! It seems quite an achievement to me when I think back to all the work the editorial team has put in on collating, proof reading, formatting, rechecking the materials. I also think about how we have managed to pay for the publication and postage of the Journal. But we are now 10 issues old. 'Give yourselves a pat on the back', as one dear colleague has the habit of saying from time to time. I say congratulations to you because this is your Journal and the contents come from your teaching and learning contexts, the materials are from your teaching, the lessons are from your classrooms, the pictures, poems, essays are from your students. So, well done! I look forward to celebrating our 20th issue!

As part of our efforts to ensure the long life of the Journal, and I think we all agree that we want it to live on, we have decided to make the Journal in collaboration with the English Across the Curriculum Special Interest Group of IATEFL Bulgaria – BETA (Bulgarian English Teachers' Association). This will bring to the Journal the support of a global organization and will lend a voice to the EACSIG.

Many thanks to the British Council for their continued sponsorship and support and also to the AEDE (Association Europeenne des Enseignants), the European Association of Teachers for acting as parent to the Journal.

I wish you all the very best on our birthday and health, happiness and a successful future!

Yours

Keith
