### Delivery and organisation

Get in touch and express an interest ([keith@anglia-school.info](mailto:keith@anglia-school.info)).

We discuss your needs, your background, teaching experience and ambitions for doing the course with me.

We fixed the dates in the calendar. This can be done intensively in one week, or can be spread out over several weeks or months. It may be that you wish to do the whole input and task list during one week in the summer, or you may wish to spend more time in discussion with me working on your materials over a school term. It is intended to be flexible to suit your personal availability and needs.

I am happy to run this course with individual colleagues, with small groups of colleagues from the same school, or with larger groups of colleagues who would like to be part of a community of teachers undergoing the course and sharing their work, and sharing feedback with each other.

Cost – EU250

(Note – the next planned course will be held within the two week period from July 20<sup>th</sup>, 2020)
